## SUMMARY

Passionate Frontend Developer with a strong foundation in React.js and modern web development practices. Eager to leverage technical skills to create responsive, user-friendly applications and contribute to dynamic development teams.

---

## SKILLS

Languages: JavaScript, Python

Frameworks/Libraries: React.js, Tailwind CSS , Next.js

Tools: Git, Vite, VS Code

Soft Skills: Problem-solving, Team Collaboration, Adaptability, Communication

---

## EXPERIENCE

### [Diment Site \(Freelance\)](#) | May 2023

- Developed a responsive Diment site website frontend to showcase services, provide user-friendly navigation, and enhance user engagement.
- Utilized React.js for creating interactive UI components, Tailwind CSS for responsive design, and Vite for efficient build and development processes.
- Overcame challenges in managing state across components by implementing React's Context API for smoother state management.

### [Ami-Ice-Cream \(Freelance\)](#) | Oct 2023

- Built a responsive and interactive website for an ice cream business using React.js and Tailwind CSS.
- Designed and implemented a custom navbar with a hamburger menu for mobile devices, enhancing user navigation and experience.
- Optimized website performance, achieving fast load times and ensuring cross-device compatibility with a responsive design.

---

## PROJECTS

### [E-commerce Website](#)

- Developed a fully functional e-commerce website with features like a cart, item detail pages, search functionality, and a dark/light mode toggle.
- Utilized React.js for dynamic UI and efficient state management.

### [API Integration Project](#)

- Built an application that fetches and displays data from external APIs.
- Focused on data manipulation, asynchronous requests, and error handling.

### [Mind Game](#)

- Interactive memory game challenging users to match pairs of cards, improving concentration and memory skills.
- Engaging and fun card-matching game built with React, offering an enjoyable way to exercise your mind.

---

## EDUCATION

Self-taught Frontend Developer

- Completed online courses and tutorials on freeCodeCamp, YouTube, and GeeksforGeeks.
- Earned the [Responsive Web Design Certificate](#) from freeCodeCamp.
- Earned the [Front End Development libraries Certificate](#) from freeCodeCamp.
